<b>IRELAND</b>	<p>Ireland is waiting to be discovered – with breathtaking landscapes and rural idylls, buzzing urban hubs and amazing festivals. Plus you will be made welcome by some of the most charming and friendly people anywhere in the world.</p> <p>The verdant green island of St Patrick is caressed by the warm waters of the Gulf Stream, so don't be surprised to see palm trees in the South West of the country. Yet some of its coast has a wild, raw beauty ... where huge Atlantic rollers crash and churn, shaping jagged ocean crags, archipelagos and inlets, and the sheer granite walls of Europe's tallest sea cliffs.</p> <p>But there is more to Ireland than its spectacular scenery. Dublin and Belfast are vibrant and fascinating cities to visit – and can be a great idea for a shorter city break during the hard Canadian winter. And don't forget Cork, Galway, Killarney and some of Ireland's other up and coming cities.</p> <p>Here are some of the many reasons to visit Ireland in 2016!</p> <p><b>Choice and competition on flights to Ireland</b></p> <p>First and foremost - getting to Ireland has never been easier. Aer Lingus and Air Canada rouge are now flying year round from Toronto to Dublin, and Air Transat will continue their seasonal service from Toronto and Montreal to both Dublin and Shannon. WestJet will also fly seasonally from Toronto/St. John's to Dublin. And ASL airlines, formerly Europe Airpost also provide seasonal service Toronto to Dublin.</p>

### **The awe-inspiring Wild Atlantic Way**

The Wild Atlantic Way, stretching all the way from the Inishowen Peninsula in Co. Donegal to Kinsale in Co. Cork is amongst the world's best driving tours. It stretches along 2,500 km of the wildest, most captivating scenery found anywhere - with lots to do and see along the way. Go whale watching and then enjoy an amazing seafood dinner in County Cork; take a walk along the dramatic Cliffs of Moher and stop for homemade ice cream. Or see the Northern Lights along the Donegal coastline.

### **Northern Ireland's Causeway Coastal Route**

As well as the Wild Atlantic Way, Ireland has more than its fair share of stunning coastal scenery. In Northern Ireland the majestic Causeway Coastal Route, famed for its dramatic landscapes, is counted as one of the world's great road journeys.

### **Ireland's Ancient East**

Ireland's Ancient East represents a wonderful opportunity to experience 5,000 years of European history in a compact area. The Ancient East area allows visitors to get off the beaten track to see, hear, touch and feel the imprints made over millennia by the settlers in this beautiful landscape.

Ancient Man, Early Christians, Medieval Lords, Colonial Settlers and their descendants have all been seduced by Ireland's lush, green and fertile lands. And it's easy to explore as visitors can go at their own pace to discover tombs older than the pyramids, a Viking settlement or castles and fortresses. And, as everywhere else you go in Ireland, there are stories from the friendly locals who are some of the best story tellers in the world.

Not to be missed is the UNESCO World Heritage Site at Newgrange - a Stone Age monument in the Boyne Valley, County Meath. Newgrange was constructed about 3,200 B.C., which makes it older than both Stonehenge and the Great Pyramids of Giza. It is a large circular mound with a stone passageway and chambers inside. The mound is ringed by 97 large kerbstones, some of which are richly decorated with megalithic art.

### **Ireland showcased at the movies**

Much of the Fantasy blockbuster TV series “Game of Thrones” is filmed on location in Northern Ireland. If you are a fan – Northern Ireland is the epicentre of all things Game of Thrones. Aside from the landscapes that evoke true fantasy - there’s a good reason why Northern Ireland was picked by Game of Thrones location scouts. There are castles everywhere; incredible structures that catapult you right to the heart of the mythical land of Westeros.

Northern Ireland offers fans a self-drive tour through scene-stealing locations along the Causeway Coast and Glens. And the Titanic Studios in Belfast are also frequently used for filming.

Star Wars: The Force Awakens is sending the global box-office into hyper drive. Since 1977, the record-breaking movie franchise has travelled through more than a few galaxies. This time around the cast and crew jetted into a little town called Portmagee, County Kerry, on Ireland's Wild Atlantic Way, to discover a dream filming location. The heart stopping scenery of Skellig Michael was depicted as the hideout of Luke Skywalker in the movie. Skellig Michael, a remote island in Co Kerry, housed a monastery from around the 6th to the 12th century, and is now a UNESCO World Heritage Site.

In addition the popular TV series “Vikings” on the History Channel is filmed in Co Wicklow. This is a very appropriate setting as Viking heritage runs deep in Ireland’s Ancient East.

### **Year round festivals**

St Patrick’s Day is Ireland’s day of pride, heritage and celebration. And while St Patrick’s Day is celebrated in many other countries - if you really want to get a piece of the party, you’ve got to go to Ireland. Ireland on St Patrick’s Day is unlike anywhere else in the world and the celebrations go on throughout the land.

In Dublin, St Patrick’s Festival runs from 17 – 20 March, 2016. The four-day festival embraces everything from salsa dancing to céilís (traditional dances) and culminates in a huge parade. The oldest St Patrick’s Day parade in Ireland is in County Wexford. It began in 1917 and is still going strong. For the earliest, you’ll need to head out west, to Dingle. They kick things off at 6am, with the Dingle Fife and Drum Band taking to streets. While Limerick uses St Patrick’s Day to host the International Band Parade and Competition.

County Armagh is where St Patrick founded one of his churches, so it’s

	<p>only natural that they throw a week-long festival in his honour. While Derry-Londonderry's Seachtain na Gaeilge (Irish Language Week) is a lively and linguistic build-up to the big day, with events throughout the city.</p> <p>But St Patrick's Day is only one of the far too many to mention festivals that go on year round throughout Ireland. No matter when you visit you will discover the folk in Ireland having a good time at fantastic, fun, foody, or downright frivolous festivals! Check out <a href="http://www.ireland.com">www.ireland.com</a> for the full calendar.</p>

<b>Safety tips</b>	Advice is standard for travel anywhere: don't leave cars unlocked or cameras, binoculars, or other expensive equipment unattended. Be alert and aware of your surroundings, and do not wander in lonely areas alone at night. Other than that, Ireland is one of the safest destinations for visitors to Europe.

<b>History</b>	<p>Ireland is thought to have been inhabited from around 8,000BC by people of a mid-Stone Age culture. And about 4,000 years later, tribes from Southern Europe arrived and established a high Neolithic culture. ## Must Sees

**Giant's Causeway** on the North Antrim Coast in 1986 became Ireland's first UNESCO World Heritage Site.

It was likely molten lava, cooled during the early Tertiary period some 62 - 65 million years ago into some 40,000 hexagonals of dark stone steps, a few million years ago, which produced the famous basalt columns. But some prefer the other version of events: the one about a Celtic warrior who got too big for his boots and went a-knockin' on the wrong giant's island. Legend goes that Finn MacCool built the basalt highway to Scotland to challenge rival giant, Benandonner, to a fight. But Finn's wide-eyed glimpse of the enormous Scot sent him scurrying back to Ireland and to his quick-witted wife, Oonagh. As Benandonner thundered down the highway after him, Oonagh disguised the quavering Finn as an infant. "Don't wake the baby" she scolded the giant Scot as he burst in the door. "If that's the kid, I don't want to meet the father", thinks Benandonner, turning tail for Scotland and ripping up the basalt paving stones behind him.

Ireland's West is a region known as '**The Cultural Heart of Ireland**'. Magical, romantic, dramatic and utterly memorable, the West of Ireland has landscapes that will be etched in your memory forever.

People flock to Galway City to experience a slice of its magic and its festivals – including the world famous Oyster Festival at Clarenbridge. For the finest gourmet sea food, live music and the best Guinness in town it has to be the Galway Oyster Festival! This thriving city enjoys a strong artistic heritage and a flourishing arts, music, theatre and film scene. It also plays host to the renowned Galway Arts Festival. Relax in Galway's atmospheric pubs, stroll through its pretty medieval streets and soak up its lively weekend markets.

Mayo has the dramatic splendour of the Atlantic Ocean, and boasts the glorious Island of Achill, the award-winning town of Westport and Ireland's holy mountain Croagh Patrick among its many sights.

Unchanged for millennia the landscape of the Cliffs of Moher in County Clare will leave you awestruck. Towering 214 metres over the waters of the Atlantic Ocean - let your senses be arrested with the sheer drop of these imposing sea cliffs.

### **The Ring of Kerry**

It may not fit on your finger or come in gold or silver, but this Ring is studded with gems. Skirting Ireland's most western point, hogging an obscene amount of beauty and cute-as-can-be villages – The Ring (as it's known down there) is just a bit special. The circular loop starts and ends in Killarney (they could have called it 'The Circle of Kerry' but it wouldn't have had the same 'ring' to it!) Undisputedly one of Ireland's most scenic drives, it also provides the backdrop to the renowned Kerry

<b>UNESCO World Heritage</b>	<p>There are three World Heritage Sites on the island: the Brú na Boinne, Skellig Michael and the Giant's Causeway.</p> <p><b>Brú na Bóinne</b> in County Meath, is the largest and one of the most important prehistoric megalithic sites in Europe. The site is a complex of Neolithic chamber tombs, standing stones, henges and other prehistoric enclosures, some dating from as early as 35th century BC - 32nd century BC. The site predates the Egyptian pyramids and was built with sophistication and a knowledge of science and astronomy, which is most evident in the passage grave of <b>Newgrange</b>. The site is often referred to as the "Bend of the Boyne".</p> <p><b>Skellig Michael</b> (from Sceilig Mhichíl in the Irish language, meaning Michael's rock), also known as Great Skellig, is a steep rocky island in the Atlantic Ocean about 14.5 kilometres from the coast of County Kerry, Ireland. It is the larger of the two Skellig Islands. After probably being founded in the 7th century, for 600 years the island was a centre of monastic life for Irish Christian monks. The Gaelic monastery, which is situated almost at the summit of the 230-metre-high rock became a UNESCO World Heritage Site in 1996. It is one of Europe's better known but least accessible monasteries. Since the extreme remoteness of Skellig Michael has until recently discouraged visitors, the site is exceptionally well preserved. The very spartan conditions inside the monastery illustrate the ascetic lifestyle practiced by early Irish Christians. The monks lived in stone 'beehive' huts (clochans), perched above nearly vertical cliff walls.</p>
<b>Titanic Belfast Experience</b>	Belfast's notable ship-building heritage includes the design, building and launch of the most famous ship ever built – the Titanic. This April the city where she was built will mark the centenary of her tragic sinking on her maiden voyage across the Atlantic in the city's Titanic Quarter. The new Titanic Belfast experience is the world's largest Titanic visitor attraction and is twice the size of Belfast's City Hall. The six-storey attraction is filled with exhibitions uncovering the story of Titanic – its origins, construction, launch and history.
<b>South East Ireland</b>	Occasionally overshadowed by its popular South Western cousin, don't neglect the region of Ireland in the South East - comprising the five counties of Carlow, Kilkenny, Tipperary, Waterford and Wexford. It is often called the hidden treasure of Ireland, with an evocative patchwork of fertile valleys and plains contrasted by extended beaches and rugged coastlines. Down through the centuries the Celts, Vikings, Anglo-Saxons and Normans have landed and passed through these valleys, leaving

And large rivers criss-cross the area, meandering under old stone bridges, around magical mountains, through picturesque villages and past neatly thatched cottages before finally entering the sea at scenic and peaceful seaside towns.</p> <p>The region not only boasts old favourites such as Waterford Crystal, Kilkenny Castle and Rock of Cashel, but also the Dunbrody Emigration Centre, Irish National Heritage Park, Kilkenny's Medieval Miles and Waterford's Viking Triangles.</p> <p><a href="http://www.southeastirelandhotels.ie">http://www.southeastirelandhotels.ie</a></p>

<b>SPORTS ACTIVITIES</b>	<p><b>Belfast Giants</b></p> <p>The Belfast Giants are Belfast's (and Northern Ireland's only) Elite Ice Hockey League team. They took the entire country by storm, and after 3 months of road games, they made history on their opening night in December 2000 by selling out the Odyssey Arena. They may have lost that first game, but they won the hearts of an entire nation and started an ice hockey phenomenon that still remains today.</p> <p>They are part of the Elite Ice Hockey League, a professional ice hockey league in the United Kingdom. Formed in 2003 following the demise of the Ice Hockey Superleague, it is the highest level of ice hockey competition in the United Kingdom.</p>

<b>Golf</b>	<p>Ireland is a natural golfing country and is recognized as a world-class golfing destination. With more than 400 golf courses to choose from, the island of Ireland offers the Canadian golfer a challenging and memorable golfing experience. Home to more than one-third of the world's true links courses, Ireland offers four distinct golfing regions which can be explored individually or as part of a more extended itinerary. All around the island, world-famous championship links courses rub shoulders with lesser-known yet spectacular hidden gems. What's more, tee times can be booked easily and green fees are moderate (from \$40 to \$185 for signature championship courses). Green fees for parkland courses are approximately £6.00 - £40.00 or €10.00 - €60.00 on weekdays and £8.00 - £50.00 or €12.00 - €80.00 on weekends.</p> <p>Green fees for links courses are approximately £40 - £95 or €50 - €150</p>

<b>ATTRACTIONS</b>	<p><b>Blarney Castle</b>, Cork, bestows the gift of eloquence.  <b>The Waterford Crystal Factory and Gallery.</b> The tour of the factory is fascinating and yes – I fell for the gorgeous work and purchased a set of wine glasses which I keep for prized guests!</p>
<b>Beaches</b>	Beaches abound on this island – from long glorious deserted strands to the popular beaches close to Dublin and Belfast; there's a beach for everyone...even if the sea temperature may be a little chilly!
<b>Wildlife</b>	Bird watching is wonderful and in the National Parks you can see deer...but there are no snakes, thanks to St Patrick!
<b>Parks</b>	<b>Ireland has 6 national parks:</b>

	<p>The Burren NP in Co Clare;          Connemara NP in Galway;          Glenveagh NP in Co Donegal;          Killarney NP in Co Kerry;          Mayo NP;          Wicklow Mountains NP.          There are also 12 Forest Parks and 71 National Nature Reserves</p>
<b>Gardens</b>	<p><b>National Trust gardens in Northern Ireland:</b> Gosford, Castlewellan; roses, daffodils, wild bluebells, primroses. Also: Mount Stewart (agapanthus display) and Rowallane (blue Himalayan poppies)  <b>Ardnamona Gardens, Lough Eske, County Donegal</b> A wilderness until the 19th century, Ardnamona Gardens is now thriving with an exceptional collection of trees, shrubs and rhododendrons. In 1991, Ardnamona was declared a National Heritage Garden.</p>
<b>Castles/Forts</b>	<p><b>Dunluce</b>, 16<sup>th</sup> century stronghold of MacDonnells, teeters on a cliff edge and has a secret entrance through a sea cave.  <b>Ennislillen</b> was the medieval home of the Maguires of Fermanagh.  <b>Navan Centre and Fort:</b> Armagh in Northern Ireland. This was the royal seat of the Kings of Ulster and the province's ancient capital. Start your tour in the 'Vanished World' of lost myths, travel into the 'Real World' of archaeology and then enter the 'Other World' to hear the legends of the Ulster Cycle. Visit the Iron Age/Early Christian period dwelling and, through Living History interpretation, learn about that way of life. Finally, walk the path of history to the great Ancient Seat of Kings, Navan Fort.  <b>Derry</b> is the only walled city in Ireland and the walls date from 1613-18, with 4 original gates and bastions intact; the Tower Museum presents the city's history; St Columb's Cathedral is 17<sup>th</sup> century.</p>

<b>OTHER ACTIVITIES</b>	
<b>Shopping</b>	<p>In the west, traditional knitwear (and not so traditional high fashion knitwear too), pottery, decorative items, handmade bellows, trendy fleece-wear, musical instruments, jewellery and basketry. And of course Waterford Crystal.</p>
<b>Markets</b>	<p><b>St Georges Market</b> in Belfast is an over 100 years old covered market with over 230 stalls ranging from zips to shark meat. It was recently voted one of the top three markets in the UK.</p>
<b>Arts and Crafts in Dublin</b>	<p>If you're after modern Irish design, then try Whichcraft (5 Castlegate) in Old City, Temple Bar for a mix of Irish art and jewellery. Kilkenny (Nassau Street) shop is also a fantastic spot for Irish homeware and design, with pottery and glassware alongside jewellery and clothing. Blarney Woollen Mills (Nassau Street) and Dublin Woollen Mills (41 Lower Ormond Quay) are good for traditional sweaters, scarves, cardigans and gloves. Avoca Handweavers (Suffolk Street) is a good</p>

	spot for designer and children's clothing with a quirk, and you can also pick up renowned cookbooks from the much-loved Avoca café.
<b>Nightlife</b>	<p>Everything under the sun – but perhaps the quintessential evening is spent in a warm Irish pub with the locals experiencing the camaraderie and craic that is so unique to the Irish people.</p> <p>Here's a quote from the Tourism Ireland website that eloquently pens a picture: <i>"So you're sitting on a stool, swishing your whiskey and watching the syrupy liquid run down the glass in little delicious rivulets. But suddenly, you're jerked out of your daydream by a bearded fellow in an Aran sweater sitting beside you with a guitar followed by a young woman with a fiddle and an elderly man holding a flute. Within seconds, you're front row at your first traditional music session and you didn't even buy a ticket! Hours later as you wave goodbye and shut the pub door behind you, you say to yourself – 'I'm not sure what just happened, but I liked it'. And whether your session occurred in a shibeen in Dingle, County Kerry or the Feakle Festival, County Clare, it is totally acceptable to dance all the way back to your hotel. In fact, that's kind of the point!"</i></p> <p>In <b>Belfast, the Crown Liquor Saloon</b> is my favourite pub: Great Victoria St. 1839-1840; The Crown is owned by the National Trust. Drinkers of the city know well its opulent marble, brilliant Italian tilework, fine glass engraving, embossed ceiling, and cosy booths bedecked with gryphons and lions. Panels in the restaurant on the first floor were meant for the Britannic, Titanic's sister ship.</p>

<b>CUISINE</b>	<p>This year, 2016, is Northern Ireland's year of Food and Drink Take a look at this video:  <a href="http://www.ireland.com/en-ca/what-is-available/food-and-drink/">http://www.ireland.com/en-ca/what-is-available/food-and-drink/</a></p> <ul style="list-style-type: none"> <li>• Ireland is not a huge island and thus provides a great opportunity to offer extremely fresh local ingredients. <b>Food</b>	<b>Ulster Fry:</b> potato bread fried with local-cure bacon, Moira pork and apple sausages, free-range eggs, Almargh mushrooms, bunch of dulse (edible seaweed); breads: afternoon tea: soda farls, treacle farls; pubs: locally harvested oysters with glass of Guinness; beef fillet flamed in Bushmills whiskey
<b>Wine and spirits</b>	<p>Irish whiskey and Guinness are justifiably world famous!</p> <p><b>Guinness:</b> During the middle ages, St. James's Gate was western entrance into the city of Dublin. Later, the brewery was built at the site, and it was here at the St. James's Gate Brewery in 1759, that Arthur Guinness began brewing ale. Arthur's result is what is now known all over the world as Guinness Stout. The production of Guinness was moved to London between the 1930's to 2005, but has returned to its original site at St. James's Gate Brewery, which is also called the Guinness Storehouse and is Dublin's most visited attraction.</p> <p><b>Bushmills Distillery:</b> At the top of the village you will find what Bushmills has become known worldwide for - the famous Old Bushmills Whiskey Distillery. The Victorian architecture of the Distillery dates from 1885 when it was rebuilt due to a fire. It is located on the on the banks of St. Columb's Rill and reputed to be the oldest licensed Distillery in the world - being given legal status in 1608 when King James 1st granted a license to local landowner Sir Thomas Phillips. The process of illegal distillation in the village goes back even further than 1608. Local folklore tells of whiskey being made illegally in the 1400's, there are also records of a Sir Robert Savage enjoying the 'aqua vitae' (whiskey) with his troops in 1276 and the drink is even mentioned in the Book of Leinster. The company itself was founded in 1783 and in 1800's we find records of the S.S. Bushmills, a large sailing ship own by company which transported whiskey across the Atlantic.</p>
<b>Restaurants</b>	<p>Ireland has an admirable range of restaurants in all price categories. The settings range from old-world hotel dining rooms, country mansions, and castles to sky-lit terraces, shop-front bistros, riverside cottages, thatched-roof pubs, and converted houses.</p> <p><b>The Merchant Restaurant</b> in Belfast is a wonderful example of the resurgence of top notch cuisine in Belfast.</p>

<p><b>PERSONAL EXPERIENCES</b></p>	<p>Here is are some <b>Travel Show Magic Moments</b> from recent trips to Ireland:</p> <p><i>“We are walking through verdant landscaped grounds laced with sparkling streams towards a sturdy square tower rising 25 meters above the gardens and woodland. Ahead of us is the famous Blarney Castle and of course we have come to kiss the Blarney Stone! To do so, we have to climb up a claustrophobic circular stone tower to the top of the tower, walk nervously along the tower’s edge and then lean over the parapet backwards to kiss the stone of eloquence. A local holds on to you, so it’s perfectly safe and as you regain your feet you can feel the gift of the gab giving voice to your experience! As one notable said: “Baloney is flattery laid on with a trowel. Blarney is flattery laid on with the lips – that’s why you have to kiss a stone to get it!” “</i></p> <p><i>“It’s a typical day in Ireland: blustery showers sweep in off the coast and are gone in minutes, to be replaced by bright sunshine and scudding clouds. I am touring along the Coastal Causeway route along the Northern Ireland coast - and the road is nothing less than spectacular. Beaches, cliffs, great ocean vistas...all punctuated by memorable sights such as Dunluce Castle, perched on the cliff edge and a real-life Game of Thrones scene. Then there’s the other-worldly sight of tens of thousands of hexagonal basalt columns marching in serried ranks into the sea at the Giants Causeway. And now I am again on the ragged edge of the land at the Carrick-a-Rede rope bridge which all-too insubstantially links the mainland to an offshore island. Dare I tread this narrow, swaying skyway above the crashing ocean surf? A determined red-haired young slip of a lass races onto the bridge ahead of me...and I know I now have no choice but to follow!”</i></p> <p><i>“I am in the heart of Dublin City. I have walked through the cobbled stones of Trinity College...back in time to the 18th century, when the magnificent Old Library building was constructed. Now I am inside,</i></p>

*waiting my turn to see one of the great cultural icons of Europe: the Book of Kells. Around the year 800 AD the four Gospels were written in Latin on calf skin and decorated lavishly to create a work of art that has no peer. Shortly afterwards, the Vikings raided the monastery on the remote Scottish island of Iona where it was likely created and the surviving monks fled with the Book of Kells to a monastery at Kells in County Meath. It has been on display here in the Old Library at Trinity College Dublin from the mid-19th century, and attracts over 500,000 visitors a year. And now it my turn to stand beside this resplendent echo of the Dark Ages in Europe, an echo that proves civilization still flickered here in Ireland. It's important, it is beautiful and it is essential viewing on any Dublin visit."*

*"The Ring of Kerry is a scenic 200 kilometer drive on the southwest coast of Ireland. This is like saying that the Hope Diamond is a pretty blue stone. The Ring of Kerry is an experience of wonder, magic and myth. As I drove the narrow lanes in the recommended anticlockwise fashion, vista after vista of stunning seascapes opened up, bordered by cliffs and beaches and coves and hills that seemed creations of a wild flight of fantasy, rather than simple geology. Clouds and rain showers transformed the scenes and yet within minutes the sun came out again to illuminate the islands, rocks and inlets. Silvers, blues, greens and golds interplayed as the light changed. Rainbows flickered across the fells. I stopped at a pass over a headland and hiked to the top of hill overlooking the Atlantic Ocean. Atop that outlook, with views in every direction and the wild wind taking my breath away, I understood why the Ring of Kerry is so beloved, not just by visitors, but by the Irish people themselves."*
