BAHIA PRINCIPE HOTELS & RESORTS

Discover Bahia Principe Hotels and Resorts – and experience happiness! Thanks to the partnership between Bahia Principe Hotels and Resorts and Transat there is a wide choice with 18 resorts available in popular Caribbean destinations.

Resorts are found in Puerto Plata, Punta Cana, Samana and La Romana in the Dominican Republic. They are also located in Runaway Bay in Jamaica and the Mayan Riviera, Mexico.

Bahia Principe Hotels and Resorts manage their properties extremely well and have a continuous program of upgrades and refurbishments. The Luxury Bahia Principe Fantasia Don Pablo Collection in Punta Cana opened in November 2016 as the latest addition to Bahia Principe portfolio of hotels. This complements their new resort opened in Samana in the Dominican Republic in November 2015, the Luxury Bahia Principe Samana Don Pablo Collection. And a new 18-hole golf course opened this year in La Romana in the Dominican Republic.

Bahia Principe Hotels and Resorts are great for families – and when the kids are happy, the grown-ups are happy! Seven out of the Bahia-Principe resorts featured by Transat are in their Family Collection – which means that they are particularly well suited to families through features like rooms that accommodate larger families or kid's waterparks and kid's clubs.

With the Bahia Scouts kids program children 4-12 years play and have fun like true explorers. Bahia Principe Resorts offer exciting programs like mini-circus, kids evening entertainment and teen discos. The Riviera Maya resorts have their own Water Park and a Dolphinarium right on property.

And great news for families - this winter Transat and Bahia Principe have “kids stay and eat free” and single parent offers (certain exclusions apply). Which makes these great resorts all the more affordable.

The Luxury Bahia Principe Fantasia Don Pablo Collection in Punta Cana - the latest addition to Bahia Principe hotels – is a great example of a Family Collection resort. As well as high-end services and heavenly suites that accommodate larger families there are great facilities for the whole family to enjoy. For instance there is the Bahia Scouts waterpark, plus teens can enjoy DJ classes and they have their own Teensport centre and spa, And the adults will appreciate free WiFi in the room, 24-hour room service, butler service, waiter service by the pool and beach, unlimited à la carte dinners at a choice of 15 specialty

restaurants plus unlimited domestic, international and top-shelf drinks.

For adults, couples and wedding parties the Bahia Principe Resorts have so much to offer. The Bahia Principe resorts that are designated as Don Pablo Collection are spectacular 5 star luxury properties with awesome settings, fabulous cuisine and endless activities. Seven of the Bahia Principe resorts are adults only properties. The Luxury Bahia Principe Sian Ka'an Don Pablo Collection in the Riviera Maya, Mexico is an example of this. Situated on the prestigious Bahia Principe Riviera Maya Golf Course, this resort is part of a larger complex, so you can stay at this hotel and share the restaurants, pools and facilities of neighbouring Bahia Principe resorts.

The Luxury Bahia Principe Cayo Levantado Don Pablo Collection Resort in Samana in the Dominican Republic is one of the very exclusive resorts in the Transat Luxury Collection. So with your package you receive the ultimate in pampering with upgraded flights, private transfers to the hotel, welcome gift of champagne and fruit in your room, concierge or butler service, unlimited à la carte dining with fine wines – and more!

Some of the Bahia Principe properties are included in the Transat Holidays "Distinction Collection". At these six resorts, as a Transat guest, you can enjoy extra inclusions that others at the resort will not receive. For instance at the Grand Bahia Principe Jamaica on Runaway Beach you will enjoy pampering perks such as beach towel, bathrobes and slippers in the room and additional à la carte meals per week.

An innovative Collection from Transat is the Solo Collection - a group of resorts especially suitable for people who like to travel alone. The big news that there is no single supplement and singles really appreciate a communal table for sharing meals. Other Solo Collections benefits include a weekly happy hour welcoming all Transat clients, free room service and free WI-FI. There are three Bahia Principe resorts in the Solo Collection – including the Luxury Bahia Principe Ambar Green, surrounded by lush gardens in Punta Cana. This facility was only added to the complex in 2015.

And one traveller's tip - a unique aspects of a stay at a Bahia Principe resort is the App that you can download from their website to your smart phone. No more queuing up to book the à la carte restaurants – with the App you can make reservations right from your phone! You can also book spa services and use it to track your holiday. The App also provides you with functions like maps and a location finder to help you

<p>Transat and Sustainable Tourism</p>	<p>Transat recognizes the prime importance of the environment, host communities, cultural diversity, and their relationships with their employees, customers and partners. Tourism has become one of the world's leading industries. Society and communities reap the benefits, and, each year, hundreds of millions of travellers discover new countries and cultures. Transat is firmly committed to the responsible development of the tourism industry, and has adopted the following definition of sustainable tourism:</p> <p><i>"Sustainable tourism entails respect for nature, as well as for host communities and their values; it combines positive socio-economic benefits for local populations with an enriching experience for travellers."</i></p> <p>The issue of the environment, as far as Transat's own facilities are concerned, is a clear and basic target. Their environment committees have implemented concrete initiatives with regard to recycling, conservation of resources, the disposal of obsolete electronic equipment, and raising employee awareness.</p> <p>Air Transat has begun developing an environmental management system that could lead to an ISO 14001 certification in the future. To find out more, consult the Transat and the Environment sections at their website:</p> <p>http://www.airtransat.ca/en/Info/the-environment-its-everyones-business.aspx?ExitID=69&ContentType=voyageur</p> <p>Eco-responsible certified hotels</p> <p>Transat urges its hotelier partners to excel in social and environmental responsibility, and formally recognizes the efforts of accommodations that commit to certification in this area. Certified establishments must maintain performance levels to continue using such labels. The indicators used vary depending on the certification scheme, but many certification organizations have begun aligning their benchmarks with the Global Sustainable Tourism Criteria.</p> <p>To help you make an informed choice when you take your next vacation, Transat list six certifications for hotels and beaches. You can also find certified hotels by searching by destination.</p> <p>Certifications for hotels</p> <ul style="list-style-type: none"> Biosphere Responsible Tourism Green Globe
