brings visitors just steps from plumes of steam rising from vents and bubbling pools and hot springs, a true wonder. Coconut Bay's "**Soufriere Exotica**" (age 2 and up) takes guests on a breathtaking scenic west coast drive to Sulphur Springs Park where in addition to the drive-in volcano they'll swim in the plunge pool under the Piton Waterfall, soak in the warm mineral springs and play in the mud of a therapeutic bath. Then it's time to relax on a white-sand beach or snorkel at the base of the Pitons.

Soufrière Estate is home to Saint Lucia's Diamond Waterfall and Botanical Gardens. The Diamond Waterfall is a colorful natural wonder. Mineral-rich waters from the Sulphur Springs create an ever-changing kaleidoscope shining through the rushing waters. The equally colorful Botanical Gardens are a showcase of exotic blossoms, flowering bushes and vine-covered trees to be enjoyed year-round.

The "**All-Inclusive Catamaran Land & Sea Adventure**" (age 2 and up) is the best of Soufrière, a full-day journey sailing to the Pitons and for snorkeling, restaurant lunch with scenic views, then on to Sulphur Springs Park and the Diamond Falls and Botanical Gardens.

Experiences in Saint Lucia's south east begin with Coconut Bay's "**Des Cartier Rainforest Nature Walk**" (age 2 and up). Trees soaring to heights of over 120 feet make up the trail's rainforest canopy including the Gommier and Chataignier and a variety of endemic wildlife make their home in lush greenery. The trail is considered one of the island's best birding sites and trekkers may see the Saint Lucia Peewee, Saint Lucia Oriole and the rare Saint Lucia Parrot, the country's national bird.

Coconut Bay offers two east coast tours for guests who like to be in the driver's seat. On the "**ATV Tour**" visitors explore the Fond Estate by ATV (drivers 18 years and up no license required, passengers 10 years and up). Visitors will ride through fruit groves, through the rainforest and along the Fond River on this 1,000 acre working plantation. They'll see how over 40 different varieties fruit trees, tropical plants and flowers in season are grown and cultivated including sour sop, sugar apple, sapodilla, mango, cherry and carambola. In addition, guests will learn about the history of plantation and historic sugar mill and taste fresh fruits and juices from the harvest.

Drivers take the wheel of open-air vehicles and go on- and off-road for Coconut Bay's "**Island Buggy Tour**" (drivers 23 and up with valid driver's license and able to use manual transmission/stick shift, passengers 6 and up). Sightseers explore Saint Lucia's southern communities and trek to the Moule a Chicque lighthouse. Sitting 740

<p>Personal Experiences</p>	<p>I stayed at Serenity at Coconut Bay Beach Resort and Spa in January 2018 and was seduced by its luxurious ambience.</p> <p>My suite was very spacious, with a four poster bed, huge bathroom and great use of local woods and stones in the décor. Best of all was my private patio which included a waterfall, plunge pool, wet bar and a hammock built for two, strung between two mature coconut palm trees. I also enjoyed a relaxing massage here in my suite – the Kai Mer Spa came to me...</p> <p>The gardens surrounding the suites were full of flowers and foliage by day and chirruping tree frogs by night. I was steps away from one of the best designed pools I have had the pleasure to swim in, complete with multiple fountains, in-water sunbeds and a spa pool.</p> <p>At one end of this lovely pool was the Greathouse, a traditional and elegant restaurant with extensive terraces where I enjoyed most of my meals – all were first class. I particularly liked the fresh seafood: mahi mahi tacos, lobster mac, prawns every which way and more.</p> <p>There were lots of poolside cabanas and shaded nooks for the hottest hours of the day and these extend to catered beach cabanas a few minutes walk distant...or call your butler for a golf buggy ride there.</p>

Ah yes...the butlers! It's a wonderful service: a phone is supplied and you just call the number for a wide range of services. The two I enjoyed the most were in-suite dining, where I ordered my dinner and drinks and it was all brought to my patio to dine under the stars, and the 'bath butler; service where Gregg my Butler drew my bath complete with aromatic oils. Gregg also seemed to know intuitively what my favourite brand of gin was for my evening G&T's!

The staff were uniformly helpful and friendly, from the butler to the barman. And when I wanted to explore further, as a guest at Serenity I was able to enjoy all the restaurants and activities of the Coconut Bay Beach Resort and Spa on the same property.

I loved the place and would go back in a heartbeat!

ST. LUCIA

St Lucia's rainforest, spectacular waterfalls and sandy, palm fringed Caribbean beaches make it one of the most attractive destinations in the Caribbean.

Just 22 kms wide and 43 kms long, this little nation packs more stunning vistas into its lush countryside than most continents! The Pietons - twin granite peaks - rise up sheer from the sea. Natural waterfalls, breath-taking views, friendly locals and authentic culture mean you will create lasting memories in this sunny paradise. Add a sprinkling of coral reefs, a drive-in volcano, hot spring pools and historic plantations...and you have incomparable St Lucia.

St. Lucia stands apart from the rest of the Caribbean islands thanks to its varied landscape and diverse culture and cuisine - which is a melting pot of African, Indian, Caribbean, British, Spanish and French influences. Savour the national dish of green fig and salt fish and enjoy the Friday night fish fry under the stars of the Anse La Raye fisherman's village. Visit the picturesque capital city of Castries; the market is rated as one of the top ten in the world according to National Geographic magazine. And sip some Bois Bandé, a type of spicy rum known for its aphrodisiac properties.

The island has been recognized as one of the world's best weddings and honeymoon location, and the perfection of an escape to St Luca should be shared. Bask together under the Caribbean sun, sail into a champagne sunset, and cuddle beneath the vast starry sky. 	<p>However St Lucia is also a great destination for family vacations or soft adventure. Water sports abound and exciting island activities include ATV'ing, horseback riding, Jeep safaris, zip lining and scuba diving.</p> <p>When it comes to all-inclusives, there's simply no comparison. For amenities, fun and value, it's easy to see why Coconut Bay Beach Resort & Spa is Saint Lucia's favorite all-Inclusive resort. Situated on the southern coast of St. Lucia island, it's an ideal location for travellers because of its close proximity to the airport and some of the island's most popular sites.</p>
Location	One of the Windward Islands of the West Indies' Lesser Antilles, it is nestled halfway down the eastern Caribbean archipelago between Martinique and St Vincent.
Geography	The island is mango-shaped 22 x 43 kms and 623 sq kms; the Atlantic Ocean is to the east, the Caribbean to the west. It is more mountainous than many other Caribbean islands, with the highest point being Mount Gimie, at 950 metres above sea level. Two other mountains, the Pitons, form the island's most famous landmark. They are located between Soufrière and Choiseul on the western side of the island. Saint Lucia is also one of the few islands in the world that boasts a drive-in volcano.
Name	It was named after Saint Lucy of Syracuse by the French, the first European colonizers.
Population	Approximately 180,000 live on the island.
Language	English is the official tongue, but islanders often speak a French-Creole patois similar to that heard on Martinique.
Currency	One Canadian Dollar currently equals 2.17 Eastern Caribbean Dollars (as at Jan 2018). Nearly all hotels, restaurants and shops also accept US Dollars, so you need to be clear which currency the price relates to.
Tipping	Most hotels and restaurants add a 10% service charge (ask if it's been included in the initial hotel rate you're quoted). If you're pleased with the service in a restaurant, by all means, supplement with an extra 5%. Taxi drivers expect 10% of the fare.
Government	As a member of the British Commonwealth, Saint Lucia recognizes Queen Elizabeth II as the Head of State of Saint Lucia, represented on the island by a Governor-General. Executive power, however, is in the hands of the prime minister and his cabinet. The prime minister is normally the head of the party winning the elections for the House of Assembly, which has 17 seats. The other chamber of Parliament, the Senate, has 11 appointed members.
Documentation	Passport for Canadians, plus return ticket. Departure tax is included in the price of the ticket for all passengers over 12 years leaving the island via air travel.

Time zone	Same time zone (EST) as Toronto and Montreal during daylight savings time (approximately April-October) and one hour ahead the remainder of the year.
Health	St. Lucia has a modern water systems; there are five hospitals
Safety tips	Security is not generally a problem on the island, but normal safety precautions are advised.

CLIMATE	
General climate	This little island, lying in the path of the trade winds, has year-round temperatures of 21°C to 32°C.
Today's weather	28 degrees Centigrade, sunny with a few clouds (20 Jan 2018)
Best time to visit	Winter is the obvious time to escape the cold in Canada, but this is truly a year round destination with a very equitable climate

GETTING THERE	
Flying	<p>Air Canada and WestJet fly direct from Toronto year round, whilst direct service from Montreal is available at peak times of the year on Air Canada and some chartered services.</p> <p>Air Canada flies daily in Winter 2018 except for Thurs and Fri – see their website for full details: www.AirCanada.com</p> <p>For packages to St Lucia and to Coconut Bay specifically, Air Canada Vacations is the place to go. Cities	<p>Castries</p> <p>The capital city of 65,000 people has grown up around its harbour, which occupies the crater of an extinct volcano. Charter captains and the yachting set drift in here, and large cruise ship wharves welcome vessels from around the world. Because several devastating fires (most recently in 1948) destroyed almost all the old buildings, the town today looks new, with glass-and-concrete (or steel) buildings rather than the French colonial or Victorian look typical of many West Indian capitals.</p> <p>Castries may be architecturally dull, but its public market is one of the most fascinating in the West Indies, and a favorite people-watching site on the island. It goes full blast every day of the week except Sunday and is most active on Friday and Saturday mornings. The market stalls are a block from Columbus Square along Peynier Street, running down toward the water. The local women dress traditionally, with cotton head-dresses; the number of knotted points on top reveals their marital status. (Ask one of the locals to explain it to you.) The luscious fruits and</p>

vegetables of St. Lucia may be new to you; the array of colors alone is astonishing. Sample one of the numerous varieties of bananas: on St. Lucia, they're allowed to ripen on the tree, and taste completely different from those picked green and sold at supermarkets in the United States. You can also pick up St. Lucian handicrafts such as baskets and unglazed pottery here.

One of the highlights of Castries is **Derek Walcott Square**, a dignified and verdant rectangle that's bordered with, among others, the public library and the island's most visible Catholic church, the Cathedral. Derek Walcott, born in St. Lucia in 1930, won a Nobel Prize for literature. A few steps away is a plaque commemorating another island-born luminary, Sir William Arthur Lewis (1915-79), winner of a Nobel Prize for economics, whose face appears on some of the nation's EC\$100 bills. Both of the commemorative plaques are virtually within the shadow of a 500-year-old "Simontree," (a local name for a local species), which anyone in the park will happily point out as proof of the fertility of the island's soil and climate.

One of the most important French-built religious buildings in the West Indies is the **Cathedral**, immediately to the edge of the park. Built during the 19th century of wrought iron, cast iron, and stone under the supervision of several generations of hard-working, long-suffering priests, it's covered with an almost surreal mélange of French Catholic and West Indian iconography.

To the south of Castries looms **Morne Fortune**, the inappropriately named "Hill of Good Luck." In the 18th century, some of the most savage Caribbean battles between the French and the British took place here. You can visit the military cemetery, a small museum, the old powder magazine, and the Four Apostles Battery (a quartet of grim muzzle-loading cannons). Government House, now the official residence of the governor-general of St. Lucia, is one of the few examples of Victorian architecture that escaped destruction by fire. The private gardens are beautifully planted, aflame with scarlet and purple bougainvillea. Morne Fortune also offers what many consider the most scenic lookout perch in the Caribbean. The view of the harbor of Castries is panoramic: You can see north to Pigeon Island or south to the Pitons; on a clear day, you may even spot Martinique. To reach Morne Fortune, head east on Bridge Street.

Soufrière

This little fishing port, St. Lucia's second-largest settlement, is dominated by two pointed hills called Petit Piton and Gros Piton. The

	<p>Pitons, two volcanic cones rising to 738m and 696m (2,421 ft. and 2,283 ft.), have become the very symbol of St. Lucia. Formed of lava and rock, and once actively volcanic, they are now covered in green vegetation. Their sheer rise from the sea makes them a landmark visible for miles around, and waves crash at their bases. It's recommended that you attempt to climb only Gros Piton, but doing so requires the permission of the Forest and Lands Department (tel. 758/450-2078) and the company of a knowledgeable guide.</p> <p>Near Soufrière lies the famous "drive-in" volcano, Mount Soufrière, a rocky lunar landscape of bubbling mud and craters seething with sulphur. You literally drive your car along a winding, forested road into a millions-of-years-old crater. From the parking lot, you'll walk uphill, along a closely monitored trail peppered with park rangers and, from observation platforms, get a view in the near distance of bubbling sulphur springs and pools of hissing steam. The most visible of these is Gabriel's Pool, which was named in honour of a 1960's-era St. Lucian tour guide, Gabriel, whose weight collapsed the chalky surface of the congealed mud close to the hot springs. Ever since then, one of the pools has borne his name, and ever since, visitors are strictly prohibited from getting too close to the steamy depths. Entrance to the crater and the vicinity of the pools costs \$2.60 per person and includes the services of your guide, who will point out the blackened waters, among the few of their kind in the Caribbean. Hours are daily from 9am to 5pm; for more information, call tel. 758/459-7200.</p> <p>Nearby are the Diamond Mineral Baths www.diamondstlucia.com in the Diamond Botanical Gardens. Deep in the lush tropical gardens is the Diamond Waterfall, one of the geological attractions of the island. Created from water bubbling up from sulfur springs, the waterfall changes colours (from yellow to black to green to grey) several times a day. The baths were constructed in 1784 on the orders of Louis XVI, whose doctors told him these waters were similar in mineral content to the waters at Aix-les-Bains; they were intended to provide recuperative effects for French soldiers fighting in the West Indies. The baths have an average temperature of 41°C. For \$5.60, you can bathe and try out the recuperative effects for yourself.</p> <p>From Soufrière in the southwest, the road winds toward Fond St-Jacques, where you'll have a good view of mountains and villages as you cut through St. Lucia's Cape Moule-Chique tropical rainforest. You'll also see the Barre de l'Isle divide.</p>
Airports	The island maintains two separate airports, whose different locations cause endless confusion to many newcomers. Most international

	<p>long-distance flights land at Hewanorra International Airport (tel. 758/454-6355) in the south, 72km from Castries.</p> <p>If you arrive here and you're booked into a hotel in the north, you'll spend about an hour and a half traveling along the potholed East Coast Highway.</p> <p>Many hotels arrange transfers to and from the airport, but if not, taxis are available; the average fare is US\$65 for up to four passengers. Many visitors now prefer to take helicopter flights from Hewanorra International Airport to their resorts rather than endure the long car ride. St. Lucia Helicopters (tel. 758/453-6950; www.stluciahelicopters.com) offers flights between Castries and Hewanorra Airport or Soufrière, costing US\$120 per person one-way.</p> <p>The Coconut Bay Beach Resort avoids the long transfer by being close to the main airport in the south of the island.</p>
Ferries	You can catch a ferry to Martinique (1.5hrs), Dominica, and Guadeloupe
Taxis	Since driving St. Lucia's unmarked, bad roads is rather difficult, a taxi is recommended for all but the most adventurous. Taxis are ubiquitous and most drivers are eager to please. The drivers have special training that allows them to serve as guides. Their cabs are unmetered, but the government fixes tariffs for all standard trips. From Castries, the fare to Marigot Bay should be \$25 to \$30; to Rodney Bay, the fare is \$18 to \$20. Always ask if the driver is quoting a rate in U.S. dollars or Eastern Caribbean dollars (EC\$).
Car Rental	Drive on the left, and try to avoid some of the island's more obvious potholes. Drive carefully and honk your horn while going around the blind hairpin turns. You'll need a St. Lucia driver's license (US\$20), which you can purchase at either airport when you pick up your rental car.
Buses	Bus fares: Castries - North end of the island EC \$2.50, Castries - South end of the island (Vieux Fort) EC \$8.00.

ACCOMMODATION TYPES	St. Lucia's wide range of accommodations includes world-class, five-star resorts; all-inclusive resorts; intimate inns and value-oriented properties. Our featured resort is the Coconut Bay Beach Resort and Spa (see above for full details).

TARGET GROUPS	
Kids	A family plantation visit to Mourné Coubaril works well for younger children, as does the water park beside the Coconut Bay Beach Resort.
Teens	A Rainforest Aerial Tram Adventure is a great scenic adventure on the island. Gondolas safely glide you through and over the treetops of this oceanic rainforest. Dense thickets of vegetation merge with cascades of flowers such as lavender stars, orange bursts, and white

Romance	<p>St Lucia is regularly recognized as one of the most romantic spots on the planet! It has topped so many travel magazine lists as the most romantic Caribbean island that I have lost track of them all – suffice it to say that when you see the island for the first time, you will know why...</p>
Honeymoons & Weddings	<p>Honeymoons: St. Lucia has been repeatedly voted the World's Best Honeymoon Destination at the World Travel Awards. Quiet beaches, secluded resorts, botanical gardens, friendly people, soft-adventure activities and colorful reefs are just some of the reasons couples are attracted to this lush Caribbean oasis. And if you want to steam things up a bit on your honeymoon, take an excursion to a drive-in volcano as seen on, ABC's 'The Bachelor: On the Wings of Love', deep into to the hot mineral springs and cool off at the many waterfalls around the island.</p> <p>Weddings: Saint Lucia is the perfect destination for weddings. Eager couples do not have to wait and can benefit from the island same day marriage policy. The uniqueness of the destination has made Saint Lucia an ideal location for upcoming nuptials. Whether you prefer a ceremony on the beach, while cruising around the island with the Pitons at the backdrop or deep under water, if you can imagine it, in Saint Lucia it can be done.</p>
Zoomers	<p>Near Soufriere are the Diamond Mineral Baths (tel. 758/452-4759) in the Diamond Botanical Gardens. Deep in the lush tropical gardens is the Diamond Waterfall, one of the geological attractions of the island. The baths have an average temperature of 41°C.</p>

UNIQUES	<p>Despite Saint Lucia's tiny population, the island proudly claims two Nobel laureates: Sir Arthur Lewis won for Economics in 1979 and Derek Walcott for Literature in 1992.</p> <p>Morne Fortune also offers what many consider the most scenic lookout perch in the Caribbean. The view of the harbour of Castries is panoramic: you can see north to Pigeon Island or south to the Pitons; on a clear day, you may even spot Martinique.</p>

<p>History</p>	<p>Saint Lucia can be excused for having a split personality. Despite being visited by European explorers as early as 1499, the strikingly beautiful volcanic island escaped colonization until the French built a settlement in 1643, although around 1550 Jambe de Bois (Wooden Leg) the buccaneer was based at Pigeon Island.</p> <p>The island was known as “Fair Helen of the West Indies” and when the English seized control in 1663, it marked the beginning of a ping pong match that saw Saint Lucia change hands 14 times – 7 times British, 7 times French – before coming definitively under British control in 1814 under the Treaty of Paris. The British rallying cry was: “Hold St Lucia and the rest may perish!”</p> <p>As well as conflict, Europeans brought disease and African slaves to the island, resulting in the decimation of the local Carib people and a population that today mostly traces its roots to Africa. Saint Lucia finally gained independence in 1979.</p> <p>As a footnote, it should also be noted that the first discoverers of St Lucia were the Arawak Indians around 200AD, followed by the more war-like Carib Indians from around 800AD.</p>

SPORTS ACTIVITIES	Windsurfing: pick your coastline for advanced, intermediate, beginners; Scuba, snorkeling: PADI instruction; Sailing – bareboat or skippered; Waterskiing and parasailing over Rodney Bay Cricket: the season is March to August
Golf	St. Lucia Golf Resort and Country Club From Jack Nicklaus, the “golden bear” himself, to the self-proclaimed casual golfer, Bill Clinton, many a legend has pitted himself against the par-71 course at the Saint Lucian Golf Club. Located within the northern most residential area of the island, the upscale community of Cap Estate, the intriguing layout meanders through a sprawling acreage of gentle rises and lengthy expanses to reveal incredible sea views and mountain vistas. A soft Atlantic breeze adds to the challenge, as does the clever design of this 6685-yard configuration incorporating a series of ponds set amid swaying palms and a multitude of tropical blossoms. Equipment rentals and lessons are available and the clubhouse offers welcome refreshment at the nineteenth hole.
Fishing	The waters around St. Lucia are known for their game fish, including blue marlin, sailfish, mako sharks, and barracuda, with tuna and kingfish among the edible catches. Most hotels can arrange fishing expeditions. Call Mako Watersports (tel. 758/452-0412), which offers half-day fishing trips for \$360 (for four people) or full-day trips for \$720. Captain Mike's (tel. 758/452-7044) also conducts fishing trips, renting boats by the half-day for \$450 to \$550, or a whole day in the \$750 to \$900 price range. The St Lucia Bill Fishing Tournament is in Fall.
Horse riding	North of Castries is the island's oldest riding establishment - Trim's National Riding Stable , Cas-en-Bas, Gros Islet (tel. 758/450-8273). Its activities range from trail rides to beach tours, and the stable even offers horse-drawn carriage tours of Pigeon Island. Rides are \$45 for an hour, \$60 for 2 hours, or \$80 for a 3-hour beach ride with a barbecue. I had a wonderful ride with Trim’s riding my horse bareback into the ocean and swimming with him in unison in the calm waters.
Hiking	A tropical rainforest covers a large area in the southern half of St. Lucia, and the St. Lucia Forest and Lands Department manages it wisely. This forest reserve divides the western and eastern halves of the island. There are several trails, the most popular of which is the Barre de l'Isle Trail , located almost in the centre of St. Lucia, southeast of Marigot Bay; it's a fairly easy trail that even children can handle. There are four panoramic lookout points with dramatic views of the sea where the Atlantic and the Caribbean meet. It takes about an hour to walk this

Trek through the ultimate rainforest, view the wonderful verdant forest and discover many of Saint Lucia's endemic wildlife as you walk this moderate-rated 4 km trail.</p>
<p>Cycling</p>	<p>Biking has become a popular way to enjoy the island, and there are some excellent biking tours for beginners and the more experienced off road riders. There's lots to see on two wheels in Saint Lucia. For the adventurer, head into Soufrière for an ocean-side trail ride at Anse Chastanet. With a beautiful view of the world-famous Gros Piton and Petit Piton mountains, this is one ride you can't find anywhere but Saint Lucia.</p>

At the southern end of Anse Chastanet's 0.4km-long secluded beach, it features premier diving and comprehensive facilities for divers of all levels. Some of the most spectacular coral reefs of St. Lucia, many only 3 to 6m below the surface, lie a short distance from the beach.</p> <p>Many PADI instructors offer five dive programs a day. Music	<p>A popular folk dance is the Quadrille. As well as other Caribbean music genres such as soca, zouk and reggae, Saint Lucia has a strong indigenous folk music tradition. Each May since 1992, Saint Lucia has hosted an internationally renowned Jazz Festival.</p> <p>Saint Lucia Jazz May 6-13, 2018 This has become one of the major events on Saint Lucia's calendar of events and one of the most anticipated event on the Caribbean's calendar. During the month of May, the island dances to the beat of jazz when music fills the air and tourism takes on a whole new meaning to all. What started as simply a marketing event to boost tourism industry arrivals during a quiet period, has now developed into a truly Saint Lucian Festival. http://www.stluciajazz.org</p>
Films	<p>Marigot Bay Movie crews, including those for Sophia Loren's Fire Power and Rex Harrison's Dr Doolittle, have used this bay, one of the most beautiful in the Caribbean, for background shots. Thirteen kilometers south of Castries, it's narrow yet navigable by yachts of any size. Here Admiral</p>

	Rodney camouflaged his ships with palm leaves while lying in wait for French frigates. The shore, lined with palm trees, remains relatively unspoiled, although some building sites have been sold. It's a delightful spot for a picnic. A 24-hour ferry connects the bay's two sides.
Museums	Pigeon Island offers an Interpretation Centre, equipped with artifacts and a multimedia display on local history, ranging from the Amerindian occupation of A.D. 1000 to the Battle of the Saints, when Admiral Rodney's fleet set out from Pigeon Island and defeated Admiral De Grasse in 1782. The Captain's Cellar Olde English Pub lies under the centre and is evocative of an 18th-century English bar – I had a very pleasant lunch there!
Festivals	<ul style="list-style-type: none"> • Jazz Festival: “The best party in the Caribbean” May • Carnival: 2 weeks in July – Calypso, costume making and revelry • Xmas Folk Festival: at Pigeon Island National park • Festival of Lights and Renewal: Dec • New Years Day : celebrations at Cul-de Sac – food drinks and more • Independence Day: Feb 22 (1979), ceremonies and sporting events <p>Carnival stands out as one of the major festivals in St. Lucia. A highly traditional event, Carnival festivities usually includes competitions and performances by masquerade (Mas) bands, calypso and soca singers, steel bands, and beauty contestants.</p> <p>The highlight of the celebration takes place, usually during the second week in July beginning on the weekend and ending on Tuesday (Monday and Tuesday are public holidays). Following the launching of Carnival in June, Mas Camps are formed and members begin to designed and built their costumes. Pan-yards are usually full of practising steel-band performers and, calypso tents throughout the island compete through a series of performances by local calypso and soca artists. During the height of the Carnival fever, competitions for beauty queens, soca and calypso monarch gets under way and Mas bands compete for king and queen of the bands, and the band of the year title. http://www.visitslu.com/discover_slu/events/carnival.html</p> <p>Gros Islet Jump-Up: A Friday-night ritual for locals and visitors alike is to head for the Gros Islet Jump-Up, the island's largest street party. Huge speakers are set up on the village's main street and blast out Caribbean music all night long. Sometimes there are live bands. When you take a break from dancing, you can buy barbecued fish or chicken, rotis, beer, and soda from villagers who set up cookers right along the roadside. It's the ultimate "lime" experience.</p>

<p>Beaches</p>	<p>Since most of the island hotels are built right on the beach, you won't have to go far to swim. All beaches are open to the public, even those along hotel properties. However, if you use any of the hotel's beach equipment, you must pay for it. You may prefer the beaches along the western coast, as the rough surf on the windward (east) side makes swimming potentially dangerous. The best hotels are all on the western coast for a reason.</p> <p>One of the best beaches is Pigeon Point Beach off the north shore, part of the Pigeon Island National Historic Park. The small beach here has white sand and is an ideal place for a picnic. Pigeon Island is joined to the mainland of St. Lucia by a causeway, so it's easy to reach.</p> <p>The most frequented beach is Reduit Beach at Rodney Bay, 2km of soft beige sand fronting very clear waters. Many water sports kiosks can be found along the strip bordering Royal St. Lucian Hotel. With all its restaurants and bars, you'll find plenty of refueling stops.</p> <p>Choc Bay is a long stretch of sand and palm trees on the northwestern coast, convenient to Castries and the big resorts. Its tranquil waters lure swimmers and especially families (including locals) with small children.</p>
<p>Wildlife</p>	<p>Look for the endemic Jaquot parrot in the rainforest.</p> <p>There's bird watching in swamps and mangroves – St Lucia finch and oriole.</p> <p>Turtles lay their eggs on beaches from March to August each year.</p> <p>Whale watching features 20 species, including the humpback, pilot, sperm whales.</p>

Lucia, but it contains dramatic rockbound shores interspersed with secret sandy coves. The government has set Grand Anse aside as a nature reserve so that it will never be developed. The terrain is arid and can be unwelcoming, but it is fascinating nonetheless. Grande Anse is home to some rare bird species, notably the white-breasted thrasher, as well as the fer-de-lance, the only poisonous snake on the island (but visitors report rarely seeing them). Its beaches - Grande Anse, Petite Anse, and Anse Louvet - are nesting grounds for endangered sea turtles, including the hawksbill, the green turtle, the leatherback, and the loggerhead. Nesting season lasts from February to October. Many locals tackle the poor road in a four-wheel-drive vehicle, especially the bumpiest part from Desbarra to Grande Anse.

Nature Reserves

The fertile volcanic soil of St. Lucia sustains a rich diversity of bird and animal life. Some of the richest troves for ornithologists are in protected precincts off the St. Lucian coast, in either of two national parks, Fregate Islands Nature Reserve and the Maria Islands Nature Reserve.

The Fregate Islands are a cluster of rocks a short distance offshore from Praslin Bay, midway up St. Lucia's eastern coastline. Barren except for tall grasses that seem to thrive in the salt spray, the islands were named after the scissor-tailed frigate birds (*Fregata magnificens*) that breed here. Between May and July, large colonies of the graceful birds fly in well-choreographed formations over islands that you can visit only under the closely supervised permission of government authorities. Many visitors believe that the best way to admire the Fregate Islands (and to respect their fragile ecosystems) is to walk along the nature trail that the St. Lucian government has hacked along the cliff-top of the St. Lucian mainland, about 45m inland from the shoreline. Even without binoculars, you'll be able to see the frigates wheeling overhead. You'll also enjoy eagle's-eye views of the unusual geology of the St. Lucian coast, which includes sea caves, dry ravines, a waterfall (during the rainy season), and a strip of mangrove swamp.

Maria Islands are larger and more arid, and are almost constantly exposed to salt-laden winds blowing up from the equator. Set to the east of St. Lucia's southernmost tip, off the town of Vieux Fort, their biodiversity is strictly protected. The approximately 12 hectares of cactus-dotted land that make up the two largest islands (Maria Major and Maria Minor) are home to more than 120 species of plants, lizards, butterflies, and snakes that are believed to be extinct in other parts of the world. These include the large ground lizard (*Zandolite*) and the nocturnal, non-venomous kouwes snake (*Dromicus ornatus*).

The Marias are also a bird refuge, populated by such species as the

Full-day excursions, including the boat ride to the refuge and the guided tour, cost \$80.</p>
Gardens	<ul style="list-style-type: none"> - Diamond Botanical Gardens: The Diamond Botanical Gardens in Soufriere features mineral baths and a picturesque waterfall. - Mamiku Gardens: On the Vieux Fort Highway, Mamiku Gardens which encircle the ruins of an 18th Century Micoud Estate. - Bonne Terre Tropical Gardens: Less than 15 minutes from Castries and 5 minutes from Rodney Bay, there are 4 acres of lush gardens and a beautiful plantation house included in the tour.
Castles/Forts	<p>Pigeon Island National Historic Park</p> <p>St. Lucia's first national park is joined to the mainland by a causeway. On its west coast are two white-sand beaches. There's also a restaurant, Jambe de Bois, named after a wooden-legged pirate who once used the island as a hideout.</p> <p>Pigeon Island offers an Interpretation Centre, equipped with artifacts and a multimedia display on local history, ranging from the Amerindian occupation of A.D. 1000 to the Battle of the Saints, when Admiral Rodney's fleet set out from Pigeon Island and defeated Admiral De Grasse in 1782. The Captain's Cellar Olde English Pub lies under the center and is evocative of an 18th-century English bar.</p> <p>Pigeon Island, only 18 hectares (44 acres), got its name from the red-neck pigeon, or ramier, that once colonized this island in huge numbers. Now the site of a Sandals Hotel and interconnected to the St. Lucian "mainland" with a causeway, the island offers pleasant panoramas. For more information, call tel. 758/452-2231.</p>

OTHER ACTIVITIES	
Shopping	<p>In the capital city, Castries, you can stock up on hot sauce, spices, and luscious fruits and vegetables at the bustling public market or bring back pottery, wood carvings and silk-screened textiles from the shops along William Peter Boulevard and Bridge Street. Head to Rodney Bay for original artworks and antique prints, and Soufriere for batik clothing. Most of the shopping is in Castries, where the principal streets are William Peter Boulevard and Bridge Street. Many stores will sell you goods at duty-free prices (providing you don't take the merchandise with you but have it delivered to the airport or cruise dock). There are some good buys in bone china, jewelry, perfume, watches, liquor, and crystal. Built for the cruise-ship passenger, Pointe Seraphine, in Castries, has the best collection of shops on the island, along with offices for car</p>

	rentals, organized taxi service (for sightseeing), a bureau de change, a philatelic bureau, an information center, and international phones
Markets	Castries public market is one of the most fascinating in the West Indies, and a favorite people-watching site on the island. It's every day of the week except Sunday, and is most active on Friday and Saturday mornings. The market stalls are a block from Columbus Square along Peynier Street, running down toward the water. The local women dress traditionally, with cotton headdresses; the number of knotted points on top reveals their marital status (ask one of the locals to explain it to you). The luscious fruits and vegetables of St. Lucia may be new to you; the array of colour alone is astonishing. Sample one of the numerous varieties of bananas: on St. Lucia, they're allowed to ripen on the tree, and taste completely different from those picked green and sold at supermarkets in Canada. You can also pick up St. Lucian handicrafts such as baskets and unglazed pottery here.
Nightlife	Rodney Bay This scenic bay is a 15-minute drive north of Castries. Set on a man-made lagoon, it has become a chic center for nightlife, hotels, and restaurants - in fact, it's the most active place on the island at night. Its marina is one of the top water sports centers in the Caribbean, and a destination every December for the Atlantic Rally for Cruisers, when yachties cross the Atlantic to meet and compare stories.

CUISINE	Creole flavours inspire much of the local cuisine. Taste traditional dishes such as green figs, salt fish and callaloo soup along with curries and pepperpot stews . Fresh foods abound, from fruits like mangoes, papayas and coconuts, and fish, including lobster and marlin. Dine on haute cuisine at the higher-end resorts and restaurants in Castries, or join the locals in Dennery for their Saturday night fish fiesta.
Food	St Lucian fruit cake; callaloo soup (spinach); float – deep-fried dough cake; fruit: there's 6 types of bananas, mango, papaya, pineapple, soursop, passionfruit, guava; lambi (conch)
Drink	The local beer, Piton , has won many coveted international prizes, including a gold medal in international beer competitions held in Prague. The other regional alcohol is Bounty Rum , a quality, light-golden rum with a smooth, full-bodied taste. It's known as "The Spirit of St. Lucia."
Restaurants	Chack Chack Café (funky WI food); Bon Appetit (perched on top of Morne above Castries – steak, seafood); Captains Cellar (18th century British colonial tavern); Doolittles (Marigot Bay, ferry ride, waterfront), Green Parrot (overlooking Casties: “stuffed pussy”, French and creole); Great House (old plantation house in Cap Estate) For a taste of St. Lucian village life, head for the Anse La Raye

	<p>"Seafood Friday ", a street festival held every Friday night. Beginning at 6:30 pm, the main street in this tiny fishing village - about halfway between Castries and Soufrière - is closed to vehicles, and the residents prepare what they know best: fish cakes, grilled or stewed fish, hot bakes (biscuits), roasted corn, boiled crayfish, even grilled-before-your-eyes lobster. Prices range from a few cents for a fish cake or bake to \$10 or \$15 for a whole lobster, depending on its size. Walk around, eat, chat with the local people, and listen to live music until the wee hours of the morning.</p>
