## MISSOURI

The Midwestern US State of Missouri has beautiful State Parks, rivers, caves and rolling wine country. Missouri's rich history - dating from westward expansion in the US and the Civil War - compliments today's exciting art, culture and jazz scene.

Check out [www.visitmo.com](http://www.visitmo.com) to discover casinos, wineries, museums, golf courses in abundance - plus fascinating cities such as St. Louis, Kansas City, Springfield and of course, the music capital of Branson.

There is truly something for everyone in the diverse state Missouri. There are outdoor activities such as boating and golf. You can explore quaint small towns rich in history and cosmopolitan cities. And you will discover every type of music including Kansas City Jazz, St. Louis Blues and the incredible variety of shows in Branson.

With 88 state parks and historic sites, Missouri State Parks has something for everyone. Visit the homes of famous Missourians, Civil War battlefields, and reminders of yesterday such as gristmills and covered bridges. The State parks also protect and preserve the state's most outstanding landscapes - deep forests, glades, prairies, blue streams and clear lakes - for everyone's enjoyment.

A trip to Missouri is to travel through time – journey from the days of the explorers Lewis and Clark who opened up Westward expansion, to the of-the-moment glitz of Branson's bright lights. And your journey takes you across varied landscapes from the Eastern boundary of the State formed by the Mississippi River to the Western boundary with Kansas and Oklahoma.

Astride the Mississippi, St Louis is a joy to visit. One of the most popular sights is the famous Gateway Arch, which celebrates Lewis and Clark's great adventure and defines St. Louis as the "Gateway to the West". This stainless steel architectural masterpiece is the icon of the city and arguably of the State itself. The Arch grounds have been the focus of an extensive, multi-year renovation project. The last major pieces of the project are the museum exhibits and expanded visitor center under the Arch.

The new visitor centre at the Arch will be expanded by 46,000 square feet and include all new, interactive and engaging exhibits that tell the story of America's westward expansion and the important role that St. Louis played. The new museum at the Gateway Arch will invite visitors to experience exhibits including Jefferson's Vision, Riverfront Era, New Frontiers, Manifest Destiny, Colonial St. Louis and Building the Arch.

	<p>The most perplexing aspect about St Louis is which of the many attractions to visit. America’s largest brewery, the Anheuser- Busch Brewery, also has its home in St Louis. Home to Budweiser, the tour of this huge complex is entertaining and informative – from the Clydesdale horses to the mysteries of the brewing process. And a visit to the Saint Louis Zoo is great fun. It is set in 90 acres of beautiful Forest Park and the Zoo is home to more than 600 species of animals, many of them rare and endangered. It is also one of the few free zoos in the nation.</p> <p>Did you know that Kansas City is a great place for a BBQ meal? The legend has it that is Kansas City barbecue began in the early 1900s in an old trolley barn at 19th and Highland. A gentleman called Henry Perry created an aroma that attracted daily crowds to the back of the barn, where he slow-smoked ribs and sold them, wrapped in newspaper, for 25-cents a slab. There are now nearly 100 barbecue joints smoking in Kansas City, with a melding of flavors and styles from across the country.</p> <p>A four billion dollar construction boom has created a new energy in Kansas City and resulted in some magnificent architectural additions to the Art Deco skyline. Visitors to the National World War One Museum will discover themselves on a glass floor suspended over a field of poppies one minute, then immersed in the sights and sounds of the trenches the next. This is America’s official national WWI Museum and truly represents a remarkable piece of history, focusing on the sacrifices of people involved in what at the time was known as “The War to End All Wars”.</p> <p>As well as taking in Missouri’s cities, any visit to the Mid-West has to include a road trip and some outdoor adventure! And Missouri has a rich history to explore, including three hundred national historic districts. You can retrace the steps of outlaw Jesse James, revisit the Pony Express, relive the river adventures of Huck Finn and Tom Sawyer and walk the Santa Fe Trail.</p> <p>Visitors keep returning to Missouri. And when you come back, there's always something new.</p>

**Famous Missourians**

**Mark Twain:** Samuel Clemens, growing up in Hannibal, watched riverboats on the Mississippi. It was from riverboat jargon that he took his pen name – Mark Twain. His love for the river and for his Missouri boyhood is best reflected in his stories about Tom Sawyer and Huck Finn. The Twain Home and a statue of Tom and Huck can be seen in Hannibal today. In nearby Florida, Mo., Twain's birthplace is preserved as a state historic site.

**Harry S. Truman,** 33rd president of the U.S., is one of Missouri's most famous native sons. Born in Lamar, Mo., in 1884, Truman was a Jackson County judge, U.S. senator and vice president before serving as president, 1945-1953.

**Jesse James,** notorious outlaw, was born in Missouri on Sept. 5, 1847. The farm home where Jesse and his brother, Frank, were raised in Kearney. Also in Kearney is Jesse's grave. The best known site associated with Missouri's most infamous citizen is the St. Joseph home where Jesse was shot and killed in 1882 for a \$10,000 reward. Standing today on the grounds of the Patee House Museum, the small frame home has been preserved much as it was when Jesse James lived there as "Mr. Howard."

**Surprising**

**Iced tea:** At the St. Louis World's Fair in 1904, Richard Blechyden, served tea with ice and invented iced tea. Also, at the St. Louis World's Fair in 1904, the ice cream cone was invented. An ice cream vendor ran out of cups and asked a waffle vendor to help by rolling up waffles to hold ice cream.

**Neighbourly:** Missouri ties with Tennessee as the most neighbourly state in the union, bordered by 8 states.

**Caves: Bonne Terre Mine;** Tour a cavernous room supported by giant rock pillars where miners dug with picks and shovels from 1864 to 1962. The temperature is 62 degrees year-round. Take a boat tour of the "Billion Gallon Lake," the largest subterranean lake in the world;

**Fantastic Caverns:** Springfield Region; America's only ride-through

Meriwether Lewis and William Clark began their famous western expedition on the banks of the Missouri River in St. Louis. Years later, the towns of Independence and Westport marked the start of the Santa Fe, California, and Oregon Trails, routes that marked the westward starting point of the over 250,000 pioneers who settled the wild frontier, and thus gave Missouri one of its nicknames, the "Gateway to the West." With all those covered wagons heading into unknown wilds, it's fitting that some of the most famous adventurers of page and place hailed from here, like author Laura Ingalls Wilder, explorer Daniel Boone, outlaw Jesse James, and military commander John J. Pershing.</p>

## CULTURE

Music has always been important in Missouri – and not just in Branson. Ragtime got its early boost in Sedalia, Missouri thanks to Scott Joplin. Missouri is an important centre for Jazz and Blues - and Missouri also played a part in the evolution of Country Music.

To underline this musical heritage **The National Blues Museum** has opened in St. Louis. It's no accident that St Louis was chosen as the site for this new museum. When an infusion of southern blues music merged with the St. Louis traditions of ragtime and jazz, a new version of the genre was formed: the St. Louis Blues. And St. Louis has served as the home of musicians such as W. C. Handy, Henry "Mule" Townsend, Chuck Berry, Miles Davis, Ike & Tina Turner, Albert King and Little Milton.

Few forms of American music can claim a history as long, as tradition-rich, and as complex as the Blues. Since its origins in the Deep South long ago, the Blues has been the bedrock for virtually all American popular music of the last hundred-plus years. The National Blues Museum is the only museum dedicated exclusively to preserving and honoring the national and international story of the Blues and its impact on American culture in the United States.

As visitors progress through the museum, they are taken on a chronological journey of the development of the blues, from its roots in the American South during the late 1800s to its prominence as an essential musical and cultural component of 21st century America.

Continuing Missouri's musical legacy, Kansas City played a major role in the development of Jazz, thanks to artists like Charlie "Bird" Parker, Duke Ellington, and Count Basie. People say that jazz may have been born in New Orleans, but it grew up in Kansas City.

Kansas City is home to the **American Jazz Museum**. From world class performances, award winning venues and exceptional educational programming - to striking jazz art exhibitions and stunning film collections – this is the destination for all things Jazz! The New York Times called the American Jazz Museum "an interactive paradise" with its many listening stations, touch-screen adventures and custom-mixing soundboards.

Keep your eyes peeled for Charlie Parker's saxophone, a gift to the museum from former president Bill Clinton. You can sample KC's signature sound at the district's acclaimed "Jammin' at The Gem"

<p><b>Arts</b></p>	<p><b>St Louis Art Museum:</b> The Saint Louis Art Museum is one of the nation's leading comprehensive art museums, containing more than 30,000 works of art. Our collections include works of exceptional quality from virtually every culture and time period. Areas of notable depth include Oceanic art, pre-Columbian art, ancient Chinese bronzes, and European and American art of the late 19th and 20th centuries, with particular strength in 20th century German painting. The Museum also offers a full range of featured exhibitions, a research library, a varied schedule of special events, and community and educational programming. Admission to the Museum and its collection is free every day.</p> <p>Admission fees to featured exhibitions vary; admission to featured exhibitions is always free on Fridays. <a href="http://www.slam.org">www.slam.org</a></p>

It has 49 magnificent live performance theatres, more than 100 shows, pristine lakes, 10 championship golf courses, an award-winning theme park, dozens of attractions and museums, shopping galore, varied dining options and a host of hotels and resorts... all cradled in the beautiful Ozark Mountains.</p> <p>The current \$80 million dollar project to transform West Highway 76 will add even more fun and a unique sense of place to an already memorable visitor experience. This includes the magnificently restored Branson Ferris Wheel that was moved here in 2016 from the Navy Pier in Chicago. More exciting news is the opening of the new Tiger Woods designed golf course at Big Cedar Lodge in Ridgedale, just south of Branson.</p> <p>Branson is a great destination for fun family with indoor and outdoor water parks, museums and many fun eating places. Branson Landing Mall is home to over 100 shops and restaurants, as well as the Hilton Promenade Hotel and a \$7.5 million water and fire spectacular.</p> <p>Kids and grown-ups alike will also love "Titanic" - billed as the world's largest museum attraction. This is a brilliantly interpreted self-guided tour through the tragic voyage of 1912, in which the visitors assume the identity of one of the passengers or crew. It personalizes the experience, generating a new level of respect and understanding for this fascinating disaster.</p> <p>From the past to the here-and-now: Branson is the entertainment capital</p>

	<p>of the Mid-West. For more than 50 years, live shows have been a staple of a vacation in Branson. Morning, afternoon and night, Branson offers a variety of entertainment options for every member of the family from comedy shows to classic country shows.....and from magic to music. All are good, wholesome family entertainment. No showgirls here – you can take your kids and your grandma to any of them.</p> <p><b>The Presley Family</b>          Branson continues to reinvent itself each year with an exciting new line up of shows. This year is a very special year for the Presley family who are celebrating 50 years in Branson. Lloyd Presley founded the first live music theatre in Branson in 1967 - and generations of Presleys have been performing in Branson ever since. Lloyd started playing music when he was 10 years old when his brother Don swapped a hound dog for a guitar. Lloyd created an “underground music scene” – quite literally - because early performances were held in caves in the Missouri Ozark hills. And the caves were packed with audiences eager to enjoy a mixture of Bluegrass, Country and Gospel music.</p> <p>Comedy has always been an intrinsic part of the show as well. In 1962, Lloyd’s son Gary, just 15 years old at the time, created the comedy Hillbilly character “Herkimer” - named after a Carter family song “Herkimer and the Bull”. The Carters, of course were a founding family of Country Music.</p> <p>The current “Presleys’ Country Jubilee” has four generations of the family on stage with their unique blend of soul-stirring music and side-splitting comedy.</p>
<b>Films</b>	Much of Tom Sawyer was shot in the state where the story was set.
<b>Museums</b>	<p>Over 400, all over the state!</p> <p>Visitors to the expanded <b>National World War I Museum</b> in Kansas City will discover themselves on a glass floor suspended over a field of poppies one minute, then immersed in the sights and sounds of the trenches the next. Known for most of its 80 years as the Liberty Memorial Museum, the landmark is the nation’s only public museum dedicated exclusively to the history of World War I. Major renovations completed in 2006 added 25,000 square feet of colourful, “sound-full” experiences. For the first time, the public is able to see the museum’s comprehensive collection of World War I memorabilia.</p> <p><a href="http://www.theworldwar.org">http://www.theworldwar.org</a></p>
<b>Festivals</b>	<p>Missourians take their involvement in westward expansion as a point of pride, and they celebrate the starting point of the Santa Fe, California, and Oregon Trails with <b>Santa-Cali-Gon Days</b> <a href="http://www.santacaligon.com">www.santacaligon.com</a> , a 4-day festival in Independence with historical reenactments, an arts</p>

This 2-day celebration of Missouri artists and craftspeople links together the towns of Hannibal, Clarkesville, and Louisiana, allowing visitors to check out working studios, art in progress, and finished pieces for sale.</p>

<p><b>ATTRACTIONS</b></p>	<p>One way to celebrate the outdoors and explore the countryside is the tradition of the great American Road Trip. Missouri is beautiful driving country with very varied landscapes – for instance close to Branson you will discover the lakes and rolling hills of the Ozarks, while northern Missouri is wide open ground with ample farmland and views that go on for miles.</p> <p>Missouri is home to more than 450 kms of Route 66, one of the most famous highways in the United States. And the Missouri section features some of the Route’s most historic tourist attractions as it meanders through the South West corner of the State. Springfield is just a 45 mins drive from Branson. It’s situated on historic Route 66 – and there is a fabulous Museum in Springfield that celebrates “The Mother Road”. With more than 70 vehicles on display and plenty of Route 66 memorabilia, it’s a fun trip down America’s memory lane.</p>
<p><b>Beaches</b></p>	<p>At many of Missouri’s lakes there are beautiful beaches to enjoy in the summer months</p>
<p><b>Wildlife</b></p>	<p>The top-rated and free to enter <b>St. Louis Zoo</b>, Forest Park (<a href="http://www.stlzoo.org">www.stlzoo.org</a>), features Big Cat Country, Jungle of the Apes, River's Edge with elephants and hippos, Penguin and Puffin Coast, the 1904 Flight Cage aviary, fascinating Insectarium with everything from giant cockroaches to a butterfly house, and animal-contact area called Children's Zoo, and a mini-train ride connecting it all up for you.</p>
<p><b>Parks</b></p>	<p>Missouri has some of the most spectacular state parks, forest and conservation areas in the country. From thriving springs and incredible rock formations to grist mills and natural bridges, Missouri's natural areas have something for everyone to explore. With 88 state parks and 1.5 million acres of national forest land, you'll find hiking trails and campgrounds that accommodate all kinds of outdoor enthusiasts.</p> <p>While there are tons of great outdoor options in Missouri, one of the most unique is <b>Elephant Rocks State Park</b>, a billion-year-old set of massive, granite rock formations that actually look like elephants. The biggest one, aptly named Dumbo, soars 27 feet high and weighs 680</p>

tons. And in one of the coolest moves ever made in a park, the 1-mile trail through the 129-acre park has information plaques in Braille, describing this amazing natural wonder.

### **Echo Bluff**

Echo Bluff State Park is Missouri's newest (and 88th!) State Park and an outdoor destination to experience all that the Ozarks have to offer. Whether you prefer a rustic campsite, one of 62 full-service camping sites or a night in the park's iconic lodge, will have something for everyone. Fill your days with floating, hiking, swimming, fishing or just relaxing in the shadow of the park's namesake, Echo Bluff. <http://echobluffmissouri.com/>

Outside of the State Park system there are many outdoor adventure opportunities in Missouri as well. **Dogwood Canyon Nature Park** covers 10,000 acres of pristine Ozark Mountain landscape and the park has miles of crystal-clear trout streams and dozens of cascading waterfalls. Acquired by Bass Pro Shops' founder Johnny Morris in 1990, the park is managed by the Dogwood Canyon Foundation. Activities include hiking, biking, horseback riding, Segway tours, fishing and more!

Another project by Jonny Morris, the founder of Bass Pro Shops, is the **Wonders of Wildlife National Museum and Aquarium** is opening in Springfield. It is a truly expansive wildlife experience and it promises to be the largest, most immersive, fish and wildlife attraction in the world. The scale of this attraction is awe inspiring! Visitors will enjoy a 1.5 million gallon aquarium showcasing 35,000 live fish, mammals, reptiles and birds. You will also be able to wander 2kms of trails and explore exhibits spanning 320,000 sq ft. - plus more than 70,000 square feet of immersive wildlife galleries and dioramas.

Other exciting outdoor adventures in Missouri include a ride aboard an electric cart for an exhilarating two-and-a-half mile nature trail journey when you visit the "**Lost Canyon Cave and Nature Trail**" **at the Top Of The Rock in the Ozarks**. Pass through covered Amish bridges and marvel at dramatic natural rock formations, waterfalls and caves. You can even enjoy a specialty drink at the cave bar tucked among the cascading waterfalls. 	<p>more accessible to guests, the rugged landscape has been left untouched and, with just a little imagination, you can travel back to a time when European settlers first entered the area or, even further, to explore the mark that Native Americans left on these Missouri hills and hollows.</p> <p>The first parcels of the property were acquired in 1990 by Johnny Morris, the founder of Bass Pro Shops. It was his dedication to conserving the natural environment that has become the cornerstone for development of this spectacular wilderness experience. So many opportunities await you at this incredible 10,000 acre Ozark paradise. The park is managed by the Dogwood Canyon Foundation, a non-profit organization dedicated to preserving and protecting the canyon's natural plant and wildlife environment. The Foundation promotes environmental conservation by maintaining the park and providing the public with an unspoiled setting for exploration and the enjoyment of various outdoor activities.</p> <p>You can find Dogwood Canyon just to the southwest of Branson at 2038 West State Highway 86, Lampe, Missouri.  <a href="http://www.dogwoodcanyon.org/">http://www.dogwoodcanyon.org/</a></p>
<b>Gardens</b>	<p><b>Missouri Botanical Garden:</b> Opened in 1859, this is the country's oldest and one of its best botanical gardens: a 79-acre delight featuring the nation's largest Japanese strolling garden, a Chinese garden, a geodesic-domed rainforest greenhouse, an 1882 brick conservatory housing camellias, a scented garden for the visually impaired, a sculpture garden with works by Carl Milles, a hedge maze, a home-gardening resource center, and themed gardens ranging from a Victorian garden to an English woodland garden. A must-see for gardeners, who can easily spend 2 or 3 hours of bliss here.  <a href="http://www.mobot.org">www.mobot.org</a></p>

<b>OTHER ACTIVITIES</b>	
<b>Shopping</b>	<p>Kansas City's premier shopping district (and the country's first suburban shopping center) is <b>Country Club Plaza</b>, centered around 47th Street and Ward Parkway. Built in 1922 to resemble a Spanish marketplace, it's a tree-lined, 14-square-block area with more than 180 shops, restaurants, and nightspots. Crown Center, is an 85-acre business and residential complex owned by the world's largest greeting-card company, Hallmark. It contains specialty shops, restaurants, hotels, theaters, and the free Hallmark Visitor Center, which chronicles 90 years of history with displays of Keepsake Ornaments and other Hallmark products and memorabilia, educational exhibits, and excerpts from Hallmark Hall of Fame television movies</p>
<b>Markets</b>	<p><b>Kansas City: City Market</b>, at 5th and Main streets north of downtown and I-70, is an outdoor market in operation since the 1850s. It's busiest</p>

	<p>on Saturday, when 150 vendors offer everything from vegetables and flowers to live chickens and T-shirts, while Sundays May through August feature an arts and crafts market. The outdoor market is surrounded by 37 permanent indoor specialty shops, international groceries, and restaurants occupying an Art Deco building.</p>
<b>Nightlife</b>	<p>Much of the <b>Kansas City's nightlife</b> can be found downtown, in Westport, and at Country Club Plaza. In the historic 18th and Vine District, the best spots offering live blues and jazz include the Blue Room, a smoke-free venue (the better to protect its displays of jazz memorabilia) featuring jazz on Monday, Thursday, Friday, and Saturday; and the Mutual Musicians Foundation, a National Historic Landmark where musicians have been meeting for decades to jam after midnight - Fridays it's blues, Saturdays it's jazz.</p> <p>Then there's <b>Branson - 'The Live Entertainment capital of America'</b> – there's more live entertainment on the streets of Branson than there is on Broadway. And before you start stereotyping – yes, it is an older crowd, but far from all blue rinsed. And, with that rapidly growing Zoomer market, you can send them off to hear the music they grew up with, including Andy Williams, Ann-Margaret, Glen Campbell, The Righteous Brothers, the Platters and there's even the Dick Clark American Bandstand Theatre. A lot of big names play Branson, so it's always worth checking at <a href="http://www.Branson.com">www.Branson.com</a></p>
<b>Casinos</b>	<p>Twelve, including Ameristar Casino St. Charles brings the finest gaming and entertainment to the banks of the Missouri River, serving the entire metropolitan St. Louis area.</p> <p><b>Riverboat Gambling</b> - Riverboat gambling takes place on non-cruising boats along the banks of the Missouri River, including Argosy, Route 9 and I-635, Riverside; Harrah's Casino, U.S. 210 and Chouteau Trafficway, North Kansas City; Ameristar Casino, I-435 and Route 210; and the Isle of Capri Casino.</p>

<b>CUISINE</b>	
<b>Food</b>	<p>If you go to Kansas City and don't eat the hickory-smoked barbecue, you may as well have just stayed home! Check out Fiorella's Jack Stack Barbecue, 101 W. 22nd St. ( <a href="http://www.jackstackbbq.com">www.jackstackbbq.com</a> ), in the recently renovated Freight House, a 119-year-old brick warehouse with great views of the Kansas City skyline in the Crossroads Arts District.</p>
<b>Wine and Beer</b>	<p>Wineries: there are 57 in total!</p> <p><b>Stone Hill Winery and Restaurant</b> is one of the most popular tourist attractions in Missouri wine country. Stone Hill, perched dramatically on a hill overlooking the beautiful German-American town of Hermann, invites guests to take a guided tour of the winery's cavernous arched underground cellars before settling in for a wine tasting in one of three</p>

	<p>historic tasting rooms. Stone Hill's tranquility is accented by the spectacular scenery. The Vintage Restaurant serves gourmet German and American cuisine.</p> <p><b>Anheuser-Busch</b>, one of the world's largest beer brewers, was established at a site in St Louis the 1860s, and many architectural gems from that time period remain. Tours of the brewing process take in the 1885 Clydesdale stable, the historic 1892 Brew House, and the packaging plant, ending with free drinks. Personally recommended!</p>
<b>Restaurants</b>	<p>Spend the day in <b>Hermann</b> enjoying locally made wine and German sausage or visit Kansas City for savory barbecue and ribs. From Southern fried food to ethnic culinary delights, Missouri has it all. Try Candlestick Inn near Branson for great food combined with great views over downtown Branson across Lake Taneycomo,</p>
