	<p><b>SeaWorld Orlando</b>          SeaWorld Orlando has opened <b>Manta</b>, a new roller coaster attraction that transitions riders from air to sea in the summer. Guests will experience underwater animal habitats, soar face-down in a horizontal position to nearly 60 mph, and come within inches of the “ocean.” Visitors can choose not to ride and instead experience the attraction itself, which provides floor-to-ceiling window views of more than 300 rays, including shark rays, spotted eagle rays and leopard rays.  <a href="http://www.SeaWorld.com">www.SeaWorld.com</a> ; 407-351-3600</p>
<p><b>Must Sees</b></p>	<p><b>Manta at SeaWorld</b>          The only flying roller coaster of its kind in the world. A seamless blend of up close animal encounters with a head-first, face-down thrill ride. It’s an adventure only SeaWorld could create.          From the start, Manta provides a glimpse into the incredible underwater worlds of tropical fish and rays - many seldom seen. Floor-to-ceiling aquariums showcase rare leafy sea dragons and thousands of schooling fish. Your kids get a unique 360-degree underwater view by climbing into a pop-up aquarium. A massive Pacific octopus slinks back and forth between habitats through an underwater tube. Three hundred rays - their group known as a “fever” - swim/fly past you and even overhead. You’ll be immersed and surrounded by thousands of mysterious creatures.          Turning a corner, you’ll peer through a waterfall then feel the punch of air as something huge zooms by, just inches away. It’s a giant manta ray. On steel rails. A manta ray thrill-ride speeding, flying, soaring, gliding and spinning at highway speeds. And secured to the manta’s belly are 32 riders, each one lying prone and face down, going for a ride on the biggest and grandest ray of all.          SeaWorld ride and animal experts designed Manta to have thrills for the whole family, at every age level. For guests too young to ride roller coasters — or those who like their adventures a little less extreme — the Manta experience includes incredible views into 10 stunning and all-new aquariums, which are home to 100 species of fish, hundreds of rays and other sea life, more than 3,000 creatures in all. Never before has SeaWorld had such a diverse display of ocean animals. And never before have non-riders been so much a part of a thrill ride’s experience. Those who take their excitement flying head first at 56 mph will crown Manta as one of the world’s top coasters. A track-twisting pretzel loop, in-line spins, a waterfall close call and a wing dip just inches from the water add up to a flying roller coaster ride never before seen, let alone experienced. There are only a handful of “flying coasters” in the world. Climbing into what look like traditional seats and harnesses, riders soon notice what makes this kind of coaster so special: the entire seating assembly rotates forward, positioning riders horizontally, or face down</p>

in a prone position. It's like flying. Or even better, it's like riding on the belly of a massive 12-foot-wide manta ray as it glides and twists and soars above the ocean. For thrill ride fans, Manta is sure to be the final notch on their coaster belt. For lovers of up close encounters with the mysteries of the sea, it's what they love about SeaWorld. **Discovery Cove:**

Guests have the exciting opportunity to swim with dolphins, snorkel among thousands of tropical fish and rays, hand-feed exotic birds and relax on pristine beaches. Discovery Cove is an all-inclusive adventure featuring animal interactions and first-class amenities such as light continental breakfast, freshly-prepared lunch, plus snacks and beverages throughout the day, as well as wetsuits, snorkels, towels, lounge chairs, sunscreen and a 7-day pass to either SeaWorld Orlando or Busch Gardens Tampa Bay.

Twilight Discovery features sunset animal interactions, sumptuous island feasts and live Caribbean-style entertainment in a tropical setting.

Guests of all ages are welcomed at Discovery Cove. To swim with the dolphins, however, guests must be at least 6 years old. This policy was established to ensure the cognitive and physical stature of the child. These factors are taken into consideration to ensure children are able to interact in a group social setting, accept instructions, and understand the trainer. Also, the physical size of the child is taken into account since he/she will be in water that is approximately 3 feet deep with large, powerful animals.

Since Discovery Cove limits attendance to only 1,000 guests per day, it is highly recommended you make a reservation for your visit. Also, if you are planning on visiting during the summer or near a holiday, you should book your reservation at least two months prior to your intended visit to ensure availability as these timeframes tend to book early.

The admission packages to Discovery Cove are all-inclusive products. Admission includes the use of lockers, wetsuit, towels and mask during your stay, free parking, shower amenities, souvenir snorkel, complimentary entry photo, continental breakfast, lunch, all drinks and snacks, access to the Aviary, Coral Reef, Ray Lagoon, Resort Pool, Tropical River, a 7-consecutive day pass to either SeaWorld Orlando or Busch Gardens Tampa, and the dolphin interaction.

<b>ATTRACTIONS</b>	
<b>Rides at Busch Gardens</b>	<p><b>SheiKra:</b> North America's first dive coaster sends riders through a breathtaking three-minute journey 200 feet up, then 90 degrees straight down — and that's just the beginning. "Floorless" cars give riders an unobstructed view of the 70 mph rush, and SheiKra was the first dive coaster to incorporate an Immelmann loop (a simultaneous loop and roll), a second, 138-foot vertical drop into an underground tunnel and a water feature finale, all packed into a half-mile of steel track.</p> <p><b>Kumba:</b> After the blood-curdling thrill of an initial 135 foot drop, you will plunge from 110 feet into a diving loop, feel a full 3 seconds of absolute weightlessness while spiraling 360 degrees, and tear through one of the world's largest vertical loops.</p> <p><b>Montu:</b> Feel the ultimate rush on one of the tallest and longest inverted roller coasters in the world! Experience the thrill of an inverse diving loop and a 60-foot vertical loop while you endure speeds of more than 60 miles per hour and a G-force of 3.85.</p> <p><b>Gwazi:</b> Challenge the dueling forces of Gwazi: two wooden tracks intertwined into the Southeast's largest and fastest double wooden roller coaster. Boasting more than 1.25 million board feet of lumber, Gwazi's Lion and Tiger tracks offer two distinct ride experiences.</p> <p><b>Cheetah Chase:</b> Families will love the curves, drops and corkscrews of Cheetah Chase, a five-story "wild mouse" style coaster in Timbuktu. With its top speed of 22 mph and 46" height requirement, Cheetah Chase is the perfect ride for a child's first coaster experience.</p>
